

Love Don't Change

Jeremih

Yeah, yeah, yeah, yeah, yeah, yeah, yeah
Girl, I'll still kiss your the head in the morning
Make you breakfast in bed while your yawning
And I don't do everything how you want it
But you can't say your man don't be on it
'Cause I know true love ain't easy
Girl, I know it's you 'cause you complete me
And I just don't want you to leave me
Even though I give you reasons
'Cause baby, sometimes I can tell just by your face
This part of us been gone for so long
And I know there's no replacing
What we had going on for so long
But when it hurts, I can make it better
Girl, if it works, it's gonna be forever
We been through the worst, made it through the weather
Our problems and the pain, pain but love don't change
Ooh, love don't change, whoa, oh, yeah
Girl, you still hold me close when you see me
And you still make me know that you need me
And I know sometimes you don't believe me
But you stay on my mind so believe me
'Cause you have my heart, don't break it
'Cause when times get tough, don't hate me
And it all adds up, we gonna make it

'Cause when you mad, I know you can't fake it
And baby, sometimes I can tell just by your face
This part of us been gone for so long
And I know there's no replacing
What we had going on for so long
But when it hurts, I can make it better
Girl, if it works, it's gonna be forever
We been through the worst, made it through the weather
Our problems and the pain, pain but love don't change
Hold me down and I'm gonna do the same for you, love
I will do a thing for you love
I want this together even though it gets better or worst
'Cause baby, sometimes I can tell just by your face

This part of us been gone for so long
And I know there's no replacing
What we had going on for so long
But when it hurts, I can make it better
Girl, if it works, it's gonna be forever
We been through the worst, made it through the weather
Our problems and the pain, pain but love
But when it hurts, I can make it better
Girl, if it works, it's gonna be forever
We been through the worst, made it through the weather
Our problems and the pain, pain, our love don't change
