

# The Pain of Heartache

## Pyogenesis

[Music & Lyrics: Flo V. Schwarz] You don't have  
many good feelings left for me  
So hard I'm trying  
to convince you to give us time  
You say you don't  
love me the way a lover should  
And in the end I  
even tried harder than I could  
Pain of a heartache  
Pain of a heartache  
Pain of a heartache "We may stay friends"  
That's not enough as you might guess  
I can't continue  
without your hugs without your kiss  
I feel ashamed  
So many things I'd change I would  
And in the end I  
even tried harder than I could  
Pain of a heartache  
Pain of a heartache  
Pain of a heartache
