[Part 1]oooooooooooooooooooooooooh  
oooooooooooooooooooooooooooooooooh

I'm in love with a man,  
man he twice my age[Part 2]Me shine, me love  
you're the one who  
I'm thinking of  
So fly, of course  
they have just tie  
don't want to us  
your friends don't lie  
as together one I break us up  
but you and I  
whenever let 'em take our love[Chorus]they wanna shake us  
they wanna break us  
they wanna take us  
we make us that mistake as  
for a new love  
if they only new love  
where all we've gotfrom the time up put my eyes on  
you know they said we did wrong  
you are that one I want'cause I'm in love with the girl  
man she twice my age  
don't know what it is  
must be a thing for a you for days  
and I know her smile  
is gonna drive me crazy  
but I'm in love with the girl  
man she twice my ageWine just a bit, a bit,  
a bit, a bit, a bit.  
Wine just a bit, a bit,  
a bit, a bit, a bit.[Part 1]oooooooooooooooooooooooooooooooooh

they just say it because you're mine  
Its cool, alright

to mind their business  
you give me hugs and kisses, baby[Chorus]they wanna shake us  
they wanna break us  
they wanna take us  
we make us that mistake as  
for a new love  
if they only new love

they just cost a bit'cause baby girl  
you know you're perfect  
you know you want me  
from a boy than a friend  
you know you want me  
girl don't try, pretend  
what a day  
we're more than a ten  
and let me  
I may tell you again[Chorus]they wanna shake us  
they wanna break us  
they wanna take us  
we make us that mistake as  
for a new love  
if they only new love
