

# Dreams come true

## Boa

I just thought, that you would like to know  
That I would do anything  
Just to make your dreams  
Just to make your dreams come true  
Well I just thought, that you would like to know  
That I, I would climb the highest tree  
Just to make your dreams  
Just to make your dreams come true  
I know, that it seems like  
I am full of hot air  
But my heart is in the right place  
I swear, I swear  
I just thought that you, would like to know  
That I, I would do anything  
  
Just to make your dreams  
Just to make your dreams come true  
Now I know that it seems like  
I'm full of hot air  
But my heart, my heart is in the right place  
I swear, I swear  
And I just thought that you, would like to know  
That I, I'd do anything, anything  
Just to make your dreams  
Just to make your dreams come true  
Just to make your dreams  
Just to make your dreams come true
