Where Did We Go Right

Johnny Cash

In a world where everybody's fallin' apart
One by one, heart by heart
You and I stay together and we never even try
Side by side in a world turned upside downOur love keeps spinnin' around
And you know it makes me wonder
As the rest run for their lives
Where did we go right?
Where did we go right?At a time when all the world is searchin' for truth
His love for you will even prove
And what we have is what everybody's tryin' to find
Peace of mind in a world turned upside downOur love keeps spinnin' around
And you know it makes me wonder
As the rest run for their lives
Where did we go right?
Where did we go right?So many wrongs, so many lovers
I wish they all could know
What we've found in one anotherIn a world turned upside down
Our love keep spinnin' around
And you know it makes me wonder
As the rest run for their lives
Where did we go right?
Where did we go right?
Where did we go right?
