

# Where Did We Go Right

## Johnny Cash

In a world where everybody's fallin' apart  
One by one, heart by heart  
You and I stay together and we never even try  
Side by side in a world turned upside downOur love keeps spinnin' around  
And you know it makes me wonder  
As the rest run for their lives  
Where did we go right?  
Where did we go right?At a time when all the world is searchin' for truth  
His love for you will even prove  
And what we have is what everybody's tryin' to find  
Peace of mind in a world turned upside downOur love keeps spinnin' around  
And you know it makes me wonder  
As the rest run for their lives  
Where did we go right?  
Where did we go right?So many wrongs, so many lovers  
I wish they all could know  
What we've found in one anotherIn a world turned upside down  
Our love keep spinnin' around  
And you know it makes me wonder  
As the rest run for their lives  
Where did we go right?  
Where did we go right?  
Where did we go right?
