Let Me Go On

Matt Simons

Here's a tune, for those of you who know me
Know I'm bound to get lonely
Once left to waitWe go out, we are bound to get wasted
Settle down you can't taste it
Before it's too latePestered with tales of our responsibility
The world's gonna bring you down to size
Well I got a plan to fight the fire in your eyesLet me go
Let me go
Let me go onHere it goes, now I gotta be honest
We better get on this
Before it slips awayThe day will come
You realize your potential
It's really not so suspenseful
You're left with bills to payPestered by tales of all missed opportunities
Of youth being wasted on the young
Well I got a plan to fight the fire on your tongueLet me go
Let me go
Let me go onLife's too short to take people at their word
Regardless of all you heard
Everyone I know says once a season
That they got a reason
To change
Usually they just rearrangeLet me go
Let me go
Let me go onLet me go
Let me go
Let me go on
