

Key of C

Jim Noir

Oh little C, what you doing to me?
When will we fall apart?
Oh little C, I just want you to leave
You make me so predictable I want to be in the key of C
It's easier to play it
I want to be in the key of C
Whichever way I lay it Right next to B, lookin' up at me
I thought that A was the start
Right next to B, what you doing to me?
You're messin' with my art I want to be in the key of C
It's easier to play it
I want to be in the key of C
Whichever way I lay it I want to be in the key of C I want to be in the key of C
It's easier to play it
I want to be in the key of C
Whichever way I lay it I want to be in the key of C
It's easier to play it
I want to be in the key of C
Whichever way I lay it I want to be in the key of C
