Wake Us Up

Aaron Gillespie

Verse 1:We may feel all alone
We may feel like giving up
But you said "I have power over death"
And you are not dead yet
No, you are not dead yetChorus:Wake us up, Holy One
Hallelujah
We are your daughters and sonsOh you can meet God,
Said the father to us
Hallelujah, Hallelujah
We are Yours!Verse 2:We may say that we can't change
We may try to run away
But you said "I have power over death"
And you are not dead yet
So we cry outChorusBridge:So we ask you to change us
And awake us
And fill our hearts with grace
with our hands raisedWe surrender
For meaning, for nothing
Lord change us by your grace
By your grace, yeah!Chorus
