

Get It Right

Union J

(Hey, hey) We've been holding on
Stronger now we've made it to the shore
The hurricane won't follow us no more
And together we know what we're fighting for
(Hey, hey) 'Cause we're here to stay
Living in the moment, it's our day
And all the love we had, it still remains
We're never going back the way we came
(Hey, hey) 'Cause we've been waiting for this all our lives
Though we'll try
To get it right, get it right
Yeah, I swear we'll get it right
'Cause all along, you and I
Have been the one thing to survive
I see the love in your eyes
As I lay with you tonight
Every time, you and I
Oh, I swear we'll get it right
Singing, oh, we'll be alright
Singing, la la la la la
Oh, we'll be alright All I need to be
Is learning how to live and what will be
Don't forget we're making history
'Cause promises all build on what we dream
(Hey, hey) 'Cause we've been waiting for this all our lives
Though we'll try
To get it right, get it right
Yeah, I swear we'll get it right
'Cause all along, you and I
Have been the one thing to survive
I see the love in your eyes
As I lay with you tonight
Every time, you and I
Oh, I swear we'll get it right
Singing, oh, we'll be alright
Singing, la la la la la
Oh, we'll be alright Get it right, get it right
Yeah, I swear we'll get it right
All along, you and I

Have been the one thing to survive
See the love in your eyes
As I lay with you tonight
Every time, you and I
Oh, I swear we'll get it right
(Yeah)Get it right, get it right
Yeah, I swear we'll get it right
'Cause all along, you and I
Have been the one thing to survive
I see the love in your eyes
As I lay with you tonight
Every time, you and I
Oh, I swear we'll get it rightSinging, oh, we'll get it right
We'll get it right
We'll get it right
Singing, oh, we'll get it right
We'll get it right
Yeah
