Cool Cat

Joe Montgomery

The cool cat knows when it's time to relax
And get some rest
And that cool cat likes to unwind in his room
'Cause it's the bestAll the bestest boys and groovy girls
Are sure of one thing they have found
That cool cat knows how to settle downThe cool cat knows how to run fast and play hard
With all his friends
And that cool cat combs every inch of his yard
Till it's time to go in and take a bathPut his jammies on
And brush up those teeth just right
'Cause a cool cat knows how to say goodnightAin't nothin' like a bedtime story
With mom or even dad will do
And when you wake in the mornin'
You feel good, so good'Cause a good night's rest is what makes you
A cool cat, cool catHey, the bestest boys and groovy girls
Are sure of one thing they have found
That cool cat knows how to settle
A cool cat, he knows where it's at
A cool cat knows how to settle down
