Lightning Strikes

Ozzy Osbourne

Won't you listen? 'Cos I'm at it again
Lightning striking and on that you can depend
They say that lightning never strikes the same place twice
Gods of thunder sit and watch the event
You know I take no prisoners, my back's to the wall
You know I must be going when destiny calls
Until I feel that thunder shattering my brain
I won't stop, rockin' all night, rockin' all night
Until the lightning strikes again
Rockin' all night, rockin' all night
Until the lightning strikes again
Tell your mama that you're gonna be late
But not to worry, we'll just be rockin' all night
The lightning strikes before you hear the thunder roar
We're becoming the children of the night
I'm not apologizing, I am what I am
There is no compromising, I don't give a damn
Until I feel the thunder boiling in my veins
I won't stop, rockin' all night, rockin' all night
Until the lightning strikes again
Rockin' all night, rockin' all night
Until the lightning strikes again
Oh no, I've lost control
Here we go, it's only rock 'n' roll, oh yeah baby
The silver light is flashing as all turns to gold
In my head voices screaming and I'm being told
If you will only listen you will hear them too
I won't stop, rockin' all night, rockin' all night
Until the lightning strikes again
Rockin' all night, rockin' all night
Until the lightning strikes again
You gotta rock it all night, rock it all night
Until the lightning strikes again
You gotta rock it all night, rock it all night
Until the lightning strikes again
