I'm Alone In the Wilderness

Culture

Great Jah watch out for you and watch out for I
I've got to praise him, you know
for all this, yes.

I'm alone in the wilderness
I'm alone
Reach out my Jah
I'm alone in the wilderness
We told and take for I and I and I
Ooh and I'm alone

Jah be my help all day, all day and night
when I'm with one of these desert
I say a prayer,
Oh yes it answer
I Jah Rastafari and its an African joy

I'm alone in the wilderness
Jah
I'm alone
reach your hand, mighty Jah
I'm alone in the wilderness
Only Jah would hear my plea

Said I'm not your
to any or anyone
And when you're going to read some of prayer
Just read it sincerely from your heart
The weekend is come, yeah, when there any sound
Even through the great
You've got to bow down and not defeat, yeah

I'm alone in the wilderness
I'm alone
With Jah
I'm alone in the wilderness
I prepare to take my medicine

That's why I sing
the sweetest song

For you to realize
But when I'm alone
Only Jah
be the strength of my survival
in this revival
I ask myself
How can I get over?
But Jah
come up in my pram only

I'm alone in the wilderness, yeah
I'm alone
Charged with lightening
I'm alone in the wilderness
Only Jah can be my call

Jah is very kind
to every mankind
So don't you give your prayer to another
and send who I know not
Praise the rightful king
and sing a little song
and maybe play on his arm
sincerely and Jah take...
