Slept So Long

Orgy

Walking, waiting
Alone without a care
Hoping an' hating
Things that I can't bare
Did ya think it's cool to walk right up
To take my life and fuck it up
Well did you
Well did you?[Chorus]
I see hell in your eyes
Taken in by surprise (by surprise)
Touching you makes me feel alive
Touching you makes me die insideWalking, waiting
Alone without a care
Hoping an' hating
Things that I can't bare
Did you think it's cool to walk right up
To take my life and fuck it up
Well did youI HATE YOU![Chorus: Repeat]I slept so long without you
It's tearing me apart too
How to get this far
Playing games with this old heart
I've killed a million petty souls
But I could't kill you
I've slept so long without you[Chorus: Repeat 2 end
