

# By This River

## Console

Here we are stuck by this river  
You and I underneath a sky  
That's ever falling down, down, down  
Ever falling down Through the day as if on an ocean  
Waiting here always failing to remember  
Why we came, came, came  
I wonder why we came? You talk to me as if from a distance  
And I reply with impressions chosen  
From another time, time, time  
From another time
