

# Demystification

## Lush

( Cover of Zounds )

I look out the window and I wonder at it all  
Staring at the circles that decorate the wall  
Everybody's going to come and join them all  
But I can't go with no one till I understand the call  
Don't come round for me unless you got what I  
Don't come round for me unless you got what I  
Don't come round for me unless you got what I want  
I want some Demystification  
I want some Demystification  
I want some Demystification about what's going on  
My electronic shaver won't plug into the wall  
Now I can't go to the party, the electrician didn't call  
Now I hear they're counting numbers to store them in Whitehall  
There's so much information, what can they do with it all  
Chorus  
Some people talk of Sheba, some they talk of God  
Some talk of Politicians, some they talk of love  
They mystify the heroes, offer chances we could take  
I'm not looking for escapism, I just wanna escape  
Chorus
