Seasons

Major League

It's getting better with the seasons and the weather
It's getting better and It's all because of you
Come morning will still be together
Oh girl, we're the best at what we do
We've been getting down to the sounds of summer
Til we could get away and watch the seasons change
Oh, it's the little things you do that drive me crazy
Don't know what to do but I just need you with me
Oh, but I can see that in a way you say
Cause I've got the words and you've got the melody
You've got me singing
It's getting better with the seasons and the weather
It's getting better and It's all because of you
Come morning will still be together
Oh girl, we're the best at what we do
Hoo!
We've been getting down on the nights and weekends
Taking shots of you and me (I knew what)
Cause you wake up to what you want to see (Wake up)
It's getting better now, It's getting better now
Keep up to the rhythym of your heart beat
Sing out all the songs that you love
We got time and this could take all night

It's not love but it feels alright
Cause I've got the words and you've got the melody
You've got me singing
It's getting better with the seasons and the weather
It's getting better and It's all because of you
Come morning will still be together
Oh girl, we're the best at what we do
Oh, what we do
Oooh
And I can feel it in the way the way you say
So sing it back to me
I've got the words and you've got the melody
You've got me singing for you
Cause I've got the words and you've got the melody
You've got me singing

It's getting better with the seasons and the weather
It's getting better and It's all because of you
Come morning will still be together
Oh girl, we're the best at what we do
It's getting better with the seasons and the weather (And I can feel it in the way you say)
It's getting better and It's all because of you
Come morning will still be together (And I can feel it in the way you say)
Oh girl, we're the best at what we d
