# Breakthrough

## Garry Moore

( 1st Verse )
I know you've been looking for signs
got a lot of things on your mine
say you've been watching and praying
believing and waiting in line
God has not forgotten about you
he just has his own time
don't you bend don't you bow now
never ever throw in the towel( Chorus )
i know you've been praying for breakthrough
you just keep praying in spite
just keep on praying for breakthrough
God will deliver in time( 2nd Verse )
my God he knows all your needs
no problem he can not see
he knows just how much you can bear
all of your burdens he'll share
you've got to hold on through the test
if you endure you'll be blessed
he will be there when you call him
so faithful and true he's the best( Chorus )
i know you've been praying for breakthrough
you just keep praying in spite
just keep on praying for breakthrough
God will deliver in time( Bridge )
Don't you worry he's got you
he will be there on time
there are angels around you
and you will be just fine( Repeat Chorus )
i know you've been praying for breakthrough
you just keep praying in spite
just keep on praying for breakthrough
