

# Rock Of Your Love

[John Hiatt](#)

It ain't like I'm so tough, you shook me  
To the heart, you shook me sure enough  
Turned my whole world upside down  
I tried to run away but I just ran aground  
On the rock of your love, on the stone hard truth  
On the rock of your love, I found my living proof  
You pierced through armor plated steel  
You tore into my soul and forced me to be real  
I feel the strength of 20 men when I am  
In your arms, I smash those fears again  
On the rock of your love, on the stone hard truth  
On the rock of your love, I found my living proof  
I'm crashing like a wave tonight upon your distant shore  
I have found the solid ground that I've been looking for  
On the rock of your love, on the stone hard truth  
On the rock of your love, I found my living proof  
On the rock of your love, I found my living proof
