What Am I Doin'

Mark Selby

My baby, she can shimmy, my baby, she can shake
She knows how to wriggle like a rattlesnake
My baby she can strut, send shivers down my spine
Everybody wanna have a baby like mineSo what am I doin'?
What am I doin'? What am I doin'?
Standin' here, singin' the bluesMy baby got the fever, my baby got the fire
She can light the flame under my desire
My baby take the heat and she give it right back
Everybody oughta have a baby like thatWhat am I doin'?
What am I doin'? What am I doin'?
Standin' here, singin' the blues
