Mystery Of You

Red

You always said we'd meet again
You always said you'd be here
Where are you now?
You touch the deepest part of me
The places I could not see
Just tell me why I'm so dark inside
Somewhere I will find all the pieces torn apart
You just left behind in your mystery
Somewhere I will see all you've taken from me
All you kept deep inside in the mystery of you
The mystery of you
It's obvious you understand
The blood that's on my hands
Where are you now?
I'm paralyzed, I can't escape until I see your face
Don't leave me all alone
You're all I know
Somewhere I will find all the pieces torn apart
You just left behind in your mystery
Somewhere I will see all you've taken from me
All you kept deep inside in the mystery of you
The mystery of you
You're all I know
You're all I know
Don't go, don't go
Somewhere I will find all the pieces torn apart
You've hidden deep inside the mystery of you
Somewhere, somewhere
Mystery of you, somewhere
