

# All About Yes

## Karen Peck & New River

Weary from fishing, sunrise on the shore  
Washing their nets when along comes the Lord  
Saying "Peter, set out for deep water again"  
Peter said "Lord, all night that's where we've been  
I've got my doubts and I'm tired  
It's not about what I desire

It's all about yes, it's all about now  
It's all about Your will, not my will, though I can't see how  
Jesus, yes, oh, oh, oh yes  
Oh, oh, wherever You lead I will be  
All about yes, yes.

I know you're tired, been faithful so long  
You feel most days like your strength's almost gone  
But He's calling you back to deep water with Him  
You're thinking, Oh Lord, I can't do this again  
But, Savior, because You say so, here I am, I will go

It's all about yes, it's all about now  
It's all about Your will, not my will, though I can't see how  
Jesus, yes, oh, oh, oh yes  
Oh, oh, wherever You lead I will be  
All about yes, yes.

Yes to the calling, Lord, yes to the cost  
Your love led You to say yes to the cross  
It's all about yes, it's all about now  
It's all about Your will, not my will, though I can't see how

Jesus, yes, oh, oh, oh yes  
Oh, oh wherever You lead I will be  
All about yes, yes, yes, yes  
It's all about yes, oh, yes

Yes, yes, wherever You lead I will be  
All about yes
