

# In The Hood (playas Version)

**Donell Jones**

This is for my playas in the hood  
Up to no good, lets kick it like we really should  
It's just an ordinary day  
As I step on the scene, yo I'm steady maxin'  
And I call up my boys 'cause I'm looking for some action  
We need to kick it like we use to  
Back in the days when we were known as the crazy crew  
It's good to reminisce on the old days  
When we use to kick it with the G's and the homies  
I would go back, yo if I could  
This is for my peoples that still roll around in the hood  
This is for my playas in the hood  
Up to no good, lets kick it like we really should  
It's just an ordinary day  
Heads up on the ride she's a hottie  
All the fellas break wide to summer bunnies  
That's the way that we flex, yeah  
Everyday on the O.G set  
But keep it smooove  
I keep it smooove on a move spit to the hotties  
On a late night move to flex their bodies  
That's the way that we hang  
On a regular doing our own thang  
This is for my playas in the hood  
Up to no good, lets kick it like we really should  
It's just an ordinary day  
This is for the playas in the hood, up to no good  
As we're rolling around, and we're doing our thang  
This is for the playas in the hood, up to no good  
As we're rolling around, and we're doing our thang  
This is for my playas in the hood  
Up to no good, lets kick it like we really should  
It's just an ordinary day
