Mesmerize (Early Studio Demo Version)

The Daysleepers

you are a wave of sound
it's a miracle
open your lazy eyes
let the water flow
asleep in the dandelions
solitude
sleepwalk into traffic
the lights pass through
all of us shine
all of us shine
but you're moving too slow
all of us shine
i am an atom bomb
falling endlessly
come and set me off
hide your eyes from me
asleep in the power lines
we're, lost in dreams
we all turn into plastic
we are all unseen
