Golden Child

Holy Sons

Golden child
When ever you feel lonely
I'm on your side
No matter where you go
I will be there
You always find my shoulder
So don't cry, my golden child
My golden child
My golden child
Golden child
Whenever you feel lonely
I'm on your side
No matter where you go

I will be there
You always find my shoulder
So don't cry, my golden child
Golden child
Whenever you feel lonely
I'm on your side
No matter where you go
I will be there
You always find my shoulder
So don't cry, my golden child
My golden child
My golden child
