

Time Flies

Puddle of Mudd

Ain't much time left in my life
I'm all stressed out time to fly
I'm on my way, I'm on my way
I can't let go, I can't wake up
Time flies, flies One more step and I'm falling off the mountain
One more pill, who cares, nobody's counting
They told me to sing it to the birds
Sing it to the birds, no one's listening One more step and I'm falling off the mountain
The mountain to me, love
The mountain to me, love Sitting up on this little bitty hill
Will I make something out of myself?
Sitting up on this little bitty hill
Will I make something out of myself? I can't let go
I can't wake up
Time flies
Time flies Yeah
Time flies
Yeah
Time flies Aint much time left in my life
I'm all stressed out time to fly
I'm on my way
I'm on my way I can't let go
I can't wake up
Time flies Don't you know time flies?
Flies, flies, yeah
Time flies, yeah
Flies, yeah
Time flies Yeah, time flies
Yeah, flies
Yeah, time flies
Flies, flies, flies
