

# Too Much The Same

## Goapele

seeking a summertime love  
just thinking i'm alone  
you know with a vibe and flow  
what we didn't know  
the night and day would show  
or if it wasn't meant to grow  
how we'd feel within  
what we \_\_\_\_\_(?)  
and why'd you keep a distance  
we are emotions \_\_\_\_\_(?)  
i was afraid of what i was feelin'  
afraid that you would take my heart and go steal it  
my pride my soul  
now i know  
now i know 'cause we were too much the same  
i didn't know  
who to blame  
'cause i didn't want to change  
we were too much the same  
i didn't know  
who to blame  
'cause you weren't gonna change even though your ways  
came down like rain  
things in myself i couldn't change  
but if we coulda chilled  
then waited a while  
but then may now (?)  
and shooting stars won't send us running  
from each other  
from ourselves  
and when you got me open  
you faked in me  
why'd you tell me that you love me  
and then stray away  
what you did that day  
i promised i would never go waiting  
for someone who would never change but you can't get something for nothing  
so what was mine  
sifted through

like it lost time  
and unclaimed sand in a desert wind  
with half my heart it took you in  
so i can let you go
