Footworkin'

Keke Palmer

Footwork
FootworkI feel that cold wind blow
(Ready to heat it up)
Late night, Chicago Heights
(Get low)South Side, put on that show
(Feel the music)
All my boys on the block say jukin
(Yeah, y'all know)Footworkin' in here tonight
Feel the beat gettin' me excited
We ridin' the hype
And I feel it comin' onFootwork 'til it takes you high
Wanna know how we do in the Chi
When we ridin' the hype
And I feel it comin' onIt ain't no thing just to work it out
(Footwork)
Just bring your game, show what youre about
(Footwork)
It ain't no thing, it's time to work it out
(Footwork)Watch your feet work
Watch your head jerk
While your tip toes kickin' up dirt
With your footworkFootwork and freeze, now stomp
Start it up, start it up
Footwork and freeze, now stomp
Start it up, start it upStreetlights are comin' on
(Ain't no stoppin')
They hoppin' on the block
(Still goin' strong)I love to see them boys break loose
When the beat drops
No, I can't stop
Cause my heart is in the grooveFootworkin' in here tonight
Feel the beat gettin' me excited
We ridin' the hype
And I feel it comin' onFootwork 'til takes you high
Wanna know how we do in the Chi
When we ridin' the hype
And I feel it comin' onIt ain't no thing just to work it out
(Footwork)
Just bring your game, show what youre about

(Footwork)
It ain't no thing, it's time to work it out
(Footwork)Watch your feet work
Watch your head jerk
While your tip toes kickin' up dirt
With your footworkFootwork and freeze, now stomp
Start it up, start it up
Footwork and freeze, now stomp
Start it up, start it upKeep the shuffle in the Rouge
Chicken headin' in the Lou
And when I'm in the ATL
We walk it out and snap it tooCause they crumpin' in LA
And they jittin in the D
But if you steppin' in the Chi
Then you gotsta work your feetFootworkin' in here tonight
Feel the beat gettin' me excited
We ridin' the hype
And I feel it comin' onFootwork 'til it takes you high
Wanna know how we do in the Chi
When we ridin' the hype
And I feel it comin' onIt ain't no thing just to work it out
(Footwork)
Just bring your game, show what youre about
(Footwork)
It ain't no thing, it's time to work it out
(Footwork)Watch your feet work
Watch your head jerk
While your tip toes kickin' up dirt
With your footworkFootwork and freeze, now stomp
Start it up, start it up
Footwork and freeze, now stomp
Start it up, start it upFootwork and freeze, now stomp
Start it up, start it up
Footwork and freeze, now stomp
Start it up, start it upFootwork
