

# LULU

## King Brothers

Lulu  
ah ah ah ah ah Lulu  
ah ah ah ah ah  
Where the middle  
class breaks up  
The working class  
better wake up  
When America was dreaming  
Some pigs stole our country  
Lulu stands by her family  
With harmony and history  
there's two kinds of stories  
Either comedy or tragedy  
Lulu  
ah ah ah ah ah Lulu  
ah ah ah ah ah  
Lulu works all day long  
She goes 9 to 5 just  
to stay alive  
She'll do anything just  
to walk the line

ain't no time to wine and dine  
Her war time now in the USA  
Her husband goes far away  
Afghanistan to Iraq  
Her husband now  
ain't comin' back  
Lulu  
ah ah ah ah ah Lulu  
ah ah ah ah ah  
America the beautiful  
that's what the sign said  
And I welcome every single one  
Cause I want them all to stay  
And I'll travel and I'll travel  
til my very last day  
Through the New York harbor  
To the San Francisco bay

Ah ah ah ah ah  
ah ah ah ah ah  
Lulu Lulu Lulu Lulu
