

This City

Lady Antebellum

This city never looked so
This city never looked so good
This city never looked so
This city never looked so good White noise playing on the boulevard
Same cover band in the same old bar
Ohh, singin' ohh
Midnight smoke floatin' in the air
A million faces everywhere
Ohh, singin' ohh
But tonight (tonight)
It feels like just you and me
'Cause all I see, are Street lights on fire
Couldn't get much higher
This city never looked so good the way it's lookin' so good on you
Your hands in my jacket
Caught up in this magic
This city never looked so good the way it's lookin' so good on you yeah Oh oh oh
Oh oh oh
Counting cards, baby, one, two, three
I don't care if we get no sleep
Ohh, singin' ohh
Pull me close, put your lips on mine
Baby I don't even recognize
This town spinnin' around
Everything's upside down Street lights on fire
Couldn't get much higher
This city never looked so good the way it's lookin' so good on you
Your hands in my jacket
Caught up in this magic
This city never looked so good the way it's lookin' so good on you yeah Oh oh oh
Oh oh oh
Oh oh oh
Tonight (tonight)
Feels like, just you and me
'Cause all I see, are Street lights on fire
Couldn't get much higher
This city never looked so good the way it's lookin' so good on you yeah
Street lights on fire
Couldn't get much higher

This city never looked so good the way it's lookin' so good on you

Your hands in my jacket

Caught up in this magic

This city never looked so good the way it's lookin' so good on you yeah This city never looked so good

This city never looked so good

This city never looked so good

This city never looked so good

This city never looked so good

This city never looked so good (so good)

This city never looked so good

This city never looked so good
