I Will Take You There

N-Trance

VERSE 1
Oceans of the world surrounding me
I'm drifting like a wave upon the sea
I'll treasure every moment in my life
Reaching destiny in paradise.
CHORUS
I will take you there
Together we will be
I will take you there
Will you follow me?
VERSE 2
Endless days and nights you wait
Looking for a way but can't escape
Walking the deserts burning sands
Still trying to find a way baby, to the promised land.
REPEAT CHORUS
