

# To Last a Lifetime

[Del Amitri](#)

Roll down the window  
Let me hear the rain  
Let me hear her whispering  
Honey everything is okay'Cos I've had enough bad news  
To last a lifetime  
I've had enough bad news  
To last a lifetimeWell I drove all night under a seasick sky  
And I made it by mid-afternoon  
And I hope she's home so she can hold me tight  
And tell me everything is alright'Cos I've had enough bad news  
To last a lifetime  
And I've had enough bad news  
To last a lifetimeAnd I was struck by how much I remembered  
And how everything still looked the same  
When a neighbor I met in her hallway said  
"Looks like lover boy's too late again" So, take your troublesome baggage  
And put it on the next train home  
'Cos you can guess somewhere else in the world right now  
Someone else feels just as alone'Cos I've had enough bad news  
I've had enough bad news  
I've had enough bad news  
To last a lifetime, to last a lifetime  
To last a lifetime, to last a lifetimeTo last a lifetime  
To last a lifetime  
To last a lifetime
