## Go:Audio

She told me on Monday
that we'd meet on Friday
at nine, and don't be late.
But I don't wanna lie
so I'll just tell her it straight.You gotta slow it down girl,
slow it down you're 21.
I'm not what you need
was only a bit of fun.You gotta slow it down girl,
slow it down you're 21.
I'm not what you need
was only a bit of fun.Everything that I don't
seems to be what she wants
so I'll give it a miss.
If I could turn back time
she'd be one cross
off my list.You gotta slow it down girl,
slow it down you're 21.
I'm not what you need
was only a bit of fun.You gotta slow it down girl,
slow it down you're 21.
I'm not what you need
was only a bit of fun.Think back to the day we met
oh how I never,
how could you forget?
Coz everywhere I go she follows me
She's gotta take a hint now
surely?You gotta slow it down girl
(gotta slow it down girl)
You gotta slow it down girl
(gotta slow it down girl)
You gotta slow it down girl
(gotta slow it down girl)
You gotta slow it down girl
(gotta slow it down girl)
You gotta slow it down girl
(gotta slow it down girl)Gotta slow it down girl
gotta slow it down girl
gotta slow it down girl
gotta slow it down girl

gotta slow it down girl
gotta slow it down girl
Slow it down
You're 21.You gotta slow it down girl,
slow it down you're 21.
I'm not what you need
was only a bit of fun.You gotta slow it down girl,
slow it down you're 21.
I'm not what you need
was only a bit of fun.You gotta slow it down girl,
slow it down your 21.
Gotta slow it down girl,
it's only a bit of fun.Gotta slow it down girl,
gotta slow it down girl,
you gotta slow it down girl
it's only a bit of fun.
