Sorry

Ad Brown

I threw away my phone I thought that you should know I'd throw away my home If I had somewhere to go Anything to stop The circle in my brain Anything is better than you Making me feel lame Twenty-eight days to kick the habit Twenty-eight days to let you go Twenty-eight days and I'll be on my own All my life I've been sorry for something Something gets me nothing and nothing?s such a waste All this time I've been sayin? I'm sorry But why should I be sorry for all of your mistakes Why should I be sorry I've had enough of you Please forget my name I'm runnin? around on empty Still tryin? to get away Anything to kill The consciousness of you Anything to end myself Before the thought of you Twenty-eight days to kick the habit Twenty-eight days to let you go Twenty-eight days and I'll be on my own All my life I've been sorry for something Something gets me nothing and nothings such a waste All this time I've been sayin? I'm sorry But why should I be sorry for all of your mistakes Now you'll know what it feels like to bite your tongue Now you'll know what it feels like to be the one Who walks around with nothin?, just stuck I've been there and I've done it And now you'll know what it feels like To always be afraid Of everything you wanted to say Who's sorry now?

Who's sorry now? Who's sorry now? All my life I've been sorry for something Something gets me nothing and nothings such a waste All this time I've been sayin? I'm sorry But why should I be sorry for all of your mistakes All my life I've been sorry for something Something gets me nothing and nothings such a waste All this time I've been sayin? I'm sorry But why should I be sorry for all of your mistakes Who's sorry now?
