

Dreamin'

[Jill Scott](#)

Live for the dream, follow the dream, beautiful dreamer
Live for the dream, follow the dream, beautiful dreamer Soul singer on the avenue hummin her little tune
Wishin one day to be everything she dreams
Her goals so far so unattainable, she thinks but I say Live for the dream, follow the dream, beautiful dreamer
Live for the dream, follow the dream, beautiful dreamer Home boy on the avenue wants love but doesn't have a
clue
That theres no clue to it, just love, just love
Open up your heart and grab it, believe that you can have it
Take it, its yours, its yours Live for the dream, follow the dream, beautiful dreamer
Live for the dream, follow the dream, beautiful dreamer Oh, I know sometimes that it gets hard
Running up that road, surviving, beating the odds
But you don't have to worry, no fear, no doubt
Hold on to the dream, believe, believe, believe, believe Beautiful dreamer
Live for the dream, follow the dream, beautiful dreamer
Dream, dream, dream
