# Beware

## Sugababes

Talk to strangers
Wonder the woods in moonlight
Walk the wire
Dance on the edge it's alright
Laugh in the face of clear and present danger
Stake your life
Push your luck, all that you like
But you beware (beware)
You beware now (beware)
In the event that we should meet
I recommend that you cross the street
Play with fire if you will (beware)
But you don't want mess with me
Roam in darkness
Go break your bread with sinners
And come winter
Go on and tread the thin ice

Laugh in the face of clear and present danger
Stake your life
Push your luck or let you lie
But you beware (beware)
You beware now (beware)
In the event that we should meet
I recommend that you cross the street
Play with fire if you will (beware)
But you don't want to mess with me
That spark is in your eye and
You can't deny it
It's on your face
The burning love of danger
No one's there to save you
But you beware (beware)
You beware now (you beware)
I recommend that you cross the street
Play with fire if you will (you beware)
But you don't want to mess with me
