

# Nowhere In No Time

Eilen Jewell

Well the shape I'm in  
I'm a sight for sore eyes  
Been rung out and hung out  
Strung out on the line

And all the girls they line up  
At the bar downtown  
Everybody's waitin' for somethin' to go down

I'm just passin through  
Don't pay it no mind'  
I'll be nowhere in no time

See the highway sign  
Where the sage is growin'  
The tumbleweeds they tumble  
And the dust clouds roll  
I want to gather them all up  
Follow the threads of their soul  
To the end where it all feels like home

I'm just passin' through  
Stay between the lines  
I'll be nowhere in no time

I'm just passin' through  
Don't pay it no mind  
I'll be nowhere in no time

I'll be no where in no time.
