This Is My Life

Salvador

Take this night and make it something special
And let me be so bold, to ask for your ear
Take this place and fill it with your presence
And we will wait, wait for you right hereThis is all I have
But it's all you ask of meThis is my life
This is my soul
I'll give it to You
No matter the costThis is my heart
That seeks after You
Lord help me love
More like You do
This is my lifeTake my world a simple, misconceptions
Nothing here will ever truly, satisfy my soul
Where brokenness is traded for redemption
It's your hands, that never let me goThis is all I have
But it's all I'll ever needThis is my life
This is my soul
I'll give it to You
No matter the costThis is my heart
That seeks after You
So Lord help me love
More like You do
This is my lifeThen sings my soul
My savior, God, to Thee
How great Thou art
How great Thou artThen sings my soul
My savior, God, to Thee
How great Thou art
How great Thou artThis is my life
This is my soul
I'll give it to You
No matter the costThis is my heart
That seeks after You
So Lord help me love
More like You doThis is my life
This is my soul
I'll give it to You
No matter the costThis is my heart
That seeks after You

So Lord help me love
More like You do
This is my life, my life
This is my lifeTake this night
And make it something special
