

# I Like It

## Moby

Oh oh  
I like it  
I like it a lot  
Oh  
I like it a lot  
Oh  
I like it a lot  
I liked it  
I liked it a lot  
Step there  
Sooner or not  
Right there  
There on the ground  
Did I say I liked it?  
Yes you did  
Did I say I liked it?  
Yes you did  
I like that  
I liked that a lot  
I like that  
I liked that a lot  
I like everything about you  
I like everything we try  
I like everything we did then  
I liked it so good inside  
So good inside  
So good inside  
I liked it  
No, I liked it a lot  
I liked it  
One way to go  
Take this  
You did it a lot  
It's better  
Better then once  
I liked that  
I liked that a lot  
I liked that  
I liked that a lot

Did I say I liked it?  
Did I say that now?  
Did I say I loved it?  
Did you understand?  
Did you get it right now?  
Did it make sounds?  
Did it feel good now?  
Did I say I liked it?  
I liked it a lot  
I liked it  
I liked it a lot  
Did I say I liked it?  
I liked it a lot  
Did I say I liked it?  
You know I liked it a lot  
I liked that  
I liked that a lot  
I liked that  
No, I liked that a lot  
I like that  
I liked that a lot  
I like that  
I liked that a lot
