Hangover

Tha Alkaholiks

Geah, it's magic, let's get itThis is, vicious, bitches switches what I'm about
Lyrics is fire physics and niggaz look out
The 45 blows kisses aimed for yo' mouth
You can't deny 'em my wishes ambitionsNigga naw never uh, uh am I fictitious
See I'm Eddie Murphy 'Raw' no tight ass riches
See these haters throw salt 'cause they superstitious
When it rains it pours yeah I know the sayin' fellaSo like Morton's Salt, I brought an umbrella
That'll turn any mad dog into an Old Yeller
I call him Magnum P.I. like T-Tom Selleck
Nigga this is real life, you's a movie trailerIf this 'The Matrix' I'm the glitch, got Tha Liks in this bitch
Styliztik's got the bitches takin' flicks
This that next level shit, good lookin' E-Swift
I'm tryin' to take a piss, get off my dickRoll it up, smoke it up, drink it up, throw it up
Do it all again 'til we all pass out
Roll it up, smoke it up, drink it up, throw it up
Do it all again 'til we all pass outPop the bottle 'til we all pass out
Sip the skunk 'til we all pass out
Drink it up 'til we all pass out
Beat it up 'til we all pass outJ-Ro blow like artery with the West coast artistry
Devils wanna kill me but they don't wanna martyr me
I spit philosophy with maximum velocity
Relaxin' at the Odyssey I put it in the air like apostrophesI'm livin' out the prophecy
Tha Liks will win the game like Monopoly
Anything less is atrocity
Cats get killed but not from curiosity
Got somethin' to make 'em back off of meKnick knack, paddy wack, give a dog a drink
Fuck with me, I'll have you hurlin' in the sink
I'm the type of nigga who be like, "Fuck yo' couch"
While I roll up your kush and drink yo' Guinness StoutHere's a little mischief, Styliztik and Bishop
We too tight, we'll make you go back home and switch up
You need a better show, I think you better let it go
It's hard for a pimp but I got hustle an' flowRoll it up, smoke it up, drink it up, throw it up
Do it all again 'til we all pass out
Roll it up, smoke it up, drink it up, throw it up
Do it all again 'til we all pass outPop the bottle 'til we all pass out
Sip the skunk 'til we all pass out
Drink it up 'til we all pass out
Beat it up 'til we all pass outIs it money or the way CaTash ride on the beat
That got the bitches in the party feelin' light on they feet?

I take freaks and then I push 'em to the point of insanity
'Cause I've been rockin' mics since Prince was fuckin' VanityHonk honk, they bleepin' out my cuss words
My kids never see they think I'm cleaner than the suburbs
Bustin' is my life and you know I can't quit it
I tried to pass the torch but Stylz lit a blunt with itTrippin', Likwit, Bishop Lamont
All we hear around here is niggaz bitchin' a lot
I show up or blow up cause my spot is wild
Put a hundred fuckin' thou on my homeboyStyliztik, Likwit, Alkaholiks anonymous
Trippin', pissin' on all your city monuments
Hittin' chicks from all the different continents
Gettin' lifted, crime we call it condimentsNiggaz that I'm with is young black and prominent
Gun packin' dominant, we run with the obvious
Wolfpack rush, better run like you're Donovan
Or niggaz'll crack your head like they tryin' to cook omelettesDressed in all black, everybody look synonymous
Back of the Cadillac is all packed with my conglomerate
Automatic strap pack clack clack is not promisin'
Sit back, relax, sip 'gnac without vomitin'Matter of fact, I rap and act like Solomon
The cat in the hat got a rash she swallowin'
I'm an anamoly G and I solemnly swear to be free
Just skeez another on the breezeRoll it up, smoke it up, drink it up, throw it up
Do it all again 'til we all pass out
Roll it up, smoke it up, drink it up, throw it up
Do it all again 'til we all pass outPop the bottle 'til we all pass out
Sip the skunk 'til we all pass out
Drink it up 'til we all pass out
Beat it up 'til we all pass outRoll it up, smoke it up, drink it up, throw it up
Do it all again 'til we all pass out
Roll it up, smoke it up, drink it up, throw it up
Do it all again 'til we all pass outPop the bottle 'til we all pass out
Sip the skunk 'til we all pass out
Drink it up 'til we all pass out
Beat it up 'til we all pass out
