Wrote A Song About You

MNEK

Baby, baby, baby
I wrote a song about you last night
It had the strangest melody
I wrote a song about you last night
And it went a little something like

La la la
You broke my heart in two
I don't know what to do
You've got me so confused
Now, baby
I wrote a song about you last night

Sitting in this empty room
Telling myself I'm over you
I'd rather be alone than lonely
Wonder if you're thinking of me
Well, do ya?

Time has passed for someone new
Look at what you've put me through
I'd rather be alone than lonely
Wonder if you're thinking of me
Well, do ya?

Baby, baby, baby
I wrote a song about you last night
It had the strangest melody
I wrote a song about you last night
And it went a little something like

La la la
You broke my heart in two
I don't know what to do
You've got me so confused
Now, baby
I wrote a song about you last night

I was lost in the melody
Found in the memories

Just say you love me, I'll believe it
You don't even have to mean it
It's all I want

Every time I look around
I sit and wonder
Where did you disappear?
My thoughts are no longer a capella
But it doesn't seem to matter
Cause I feel you here
I feel you here

Baby, baby, baby
I wrote a song about you last night
It had the strangest melody
I wrote a song about you last night
And it went a little something like

La la la
You broke my heart in two
I don't know what to do
You've got me so confused
Now, baby
I wrote a song about you last night

Baby, baby, baby
I wrote a song about you last night
It had the strangest melody
I wrote a song about you last night
And it went a little something like

La la la
You broke my heart in two
I don't know what to do
You've got me so confused
Now, baby
I wrote a song about you last night

It was all about you
