Truth and Rights

BMC & DJ Nine

Render your arms and not your garments
The truth is there for who have eyes to see
All charity has no place in this judgement
Remember the words of prophecyChorus:
Children, run come the truths and rights
That's what I'm about
You know the truths and rights
Teach it to the children
You know the truths and rights
Teach it to the children
Cause they should know
know know know knowChildren say a little prayer
Every night before you go to sleep
Cause tomorrow is promised to no one
When you think it's peace and safety, Lord
It could be, it could be sudden destruction
Cause we know, yes we knowRemember I say this few words to you
Remember the words I'm saying to you right now
And for tomorrow and hence for I sayRender your arms and not your garments
The truth is there for who have eyes to see
All charity has no place in this judgement
Remember the words of prophecyChorus:
Children, run come the truths and rights
That's what I'm about
You know the truths and rights
Teach it to the children
You know the truths and rights
Teach it to the children
Cause they should know
know know know know
