GRAND DESIGN

VERSE 1
All the glory of creation
Everything is from your hand
Reaching dawn out of the heavens
All to Sculpt the heart of man
Not in gold and not In silver
Nothing precious or refined
Across a universe of wonder
You make dust Your grand design

CHORUS
0 Praise the Lord The Lord most high
Word of God the breath of life
Maker of this heart of mine
You make dust your grand design

VERSE 2
Stepping down Into the ruins
Word of God becoming man
Falling down amidst the chaos
Your cross colliding with the sand
The earth cries out in accusation
(But) Calvary's grace won't be denied
For the joy of our salvation
You make dust your grand design

BRIDGE
beauty for ashes
And life for a grave
Jesus Forever
The greatest exchange

VERSE 3
Once a broken earthly vessel
Bound by shackles of this earth
From the dust I was created
To the dust I will return
For a glorious resurrection

i'm returned and raised to life
Recreated In your presence
You make dust your grand design
