

# Brighter Side (2010 re-record)

## OPM

Do do do do do  
Do do do do  
Na na na na na  
Na na na Sometimes  
I forget that you're not here  
Can't believe it's been a year  
Since you flew away  
And I never got to say goodbye Good times  
Hangin' out till the break of dawn  
Listenin' to Bob and singin' along  
Every little thing is gonna be  
It's gonna be all right No no no  
I know that you're gonna fly  
Somewhere brighter on the other side  
And one day I'mma be there too  
Where the sun is shinin' and the water's blue, yeah I know that you're gonna fly  
Somewhere brighter on the other side  
I know you're somewhere where you're finally free  
And you'll always be a part of me  
Yeah, you'll always be a part of me, oh, yeah  
Like the moon is to the sea They say you don't know  
A good thing till it's gone  
But I got to say they're wrong  
I knew you were a good friend  
A good friend all along I wish the world wouldn't be so cold  
As to take such a beautiful soul  
But despite it all  
You know we gotta carry on No no no  
I know that you're gonna fly  
Somewhere brighter on the other side  
And one day I'mma be there too  
Where the sun is shinin' and the water's blue, yeah I know that you're gonna fly  
Somewhere brighter on the other side  
I know you're somewhere where you're finally free  
And you'll always be a part of me  
Yeah, you'll always be a part of me, yeah, yeah  
Like the moon is to the sea If I could rewrite time  
Then I'd like to let you know  
Just one thing before your time's to go

That every moment you were livin' was a blessin' to me  
And I saw inside of you things that others couldn't see  
Now people put you down for the way that you lived  
But those people never knew you the way that I did  
Don't be ashamed of who you were of who you were  
Or how you died  
I know you just wanted to find the brighter side  
I know that you're gonna fly  
Somewhere brighter on the other side  
And one day I'mma be there too  
Where the sun is shinin' and the water's blue, yeah  
I know that you're gonna fly  
Somewhere brighter on the other side  
I know you're somewhere where you're finally free  
And you'll always be a part of me  
I know you're gonna fly  
I know you're gonna fly
