

# I Believe

## Soulfly

I believe in my spirit  
I believe infinity I believe in my spirit  
I believe immortality Every man has to fight  
His own destiny  
Just follow your heart  
And just let it be I believe in God  
Immortality I believe, in my spirit  
I believe, infinity I believe, in my spirit  
I believe, immortality Every man has to fight  
His own destiny  
I believe in God  
To infinity Every man has to fight  
His own destiny  
I believe in God  
Beyond mortality Every man has to fight  
His own destiny  
I believe in God  
Immortality You can't kill faith  
You can't kill God
