

All Over Again

[Johnny Cash](#)

Every time I look at you I fall in love
All over again
Every time I think of you it all begins
All over again One little dream at night and I can dream all day
It only takes a memory to thrill me
One little kiss from you and I just fly away
Pour me out your love until you tell me I wanna fall in love beginning from the start
All over again
Show me how you stole away my heart
All over again One little dream at night and I can dream all day
It only takes a memory to thrill me
One little kiss from you and I just fly away
Pour me out your love until you tell me I wanna fall in love beginning from the start
All over again
Show me how you stole away my heart
All over again All over again, all over again
All over again, all over again
