You'll Be Alright

New Moscow

When you speak your heart of anger
When you breathe 'cause you're alive
When you've given up your hopes and dreams
'Cause no one's seen you frown

Got nothing left to lose
You are free to pick and choose
Rock bottom in the free world
Means just grab what you can use

(To be alright)
(You'll be alright)

They're calling out for you
Now here's an opprotunity
Open up your closing eyes
'Cause here's a million things to see

Your heart less full of anger
Should let go and set you free
Don't you notice all the voices
They are singing let it be

(They could bring you in)
(They could mount you up)
(They could turn you down)
(But you will be alright)
(You'll be alright)

Everyone says you're outnumbered
You just love to hear those lines
Listen up and grab my hand
We're setting out to free our minds

Hard to get up when you're empty
Pull the plug, turn down the lights
'Cause freedom's never knocking doors
But i know you'll be fine

(You'll be alright)

(You'll be alright)

(They could bring you in)
(They could mount you up)
(They could turn you down)
(But you will be alright)
(You'll be alright)

Your new abuse won't steal your anger
We are here, now have a seat
There's a thousand roads to walk
But only one where you can sleep

You've got nothing left to lose
But you just have to win this game
We will never, ever let you go
No use to stay insane

(They could bring you in)
(They could mount you up)
(They could turn you down)
(But you will be alright)
(You'll be alright)x4

(You'll be alright)
(They could bring you in)
(They could mount you up)
(They could turn you down)
(But you will be alright)
(You'll be alright)x2

(You'll be alright)x2
