

# No Chance

Joe

Told you he was gonna take you out, but just sitting at home  
Dissapointment written all over your face, nowhere to go  
You're too fly, too beautiful to be hurt of this, let me show you off  
Baby I can make you smile again, girl on everything that he's not  
He don't have no chance, it's out of luck  
Dropped the [?], so I picked it up  
No chance, [?]  
When a make love to you, you forget him fast  
No chance, I would change my mind  
Let me get this ring and make you my wife  
He can beg to have you back  
But there ain't no chance  
He promised you the universe, but where's your start?  
I would give you the world that you [?]  
You was wasting so much of your time  
Trynna make him see, but he's just not me  
He started the war, now he's a [?]  
I'm the reason of what used to be  
Girl he has no chance, it's out of luck  
Dropped the [?], so I picked it up  
No chance, [?]  
When a make love to you, you forget him fast  
No chance, I would change my mind  
Let me get this ring and make you my wife  
He can beg to have you back  
But there ain't no chance  
Couldn't free her right, now she's mine for life  
You was wrong for her, and she saw the light  
I know is hard for you to say goodbye  
But I have a [?], and you ran out of time  
Couldn't treat her right, now she's mine for life  
You was wrong for her, and she saw the light  
I know is hard for you to say goodbye  
But I have a [?], and you ran out of time  
Baby I'm here, nobody's gonna ever break your heart  
We're starting over again  
He can beg if he wants, but he know that he don't have  
No chance, it's out of luck  
Dropped the [?], so I picked it up  
No chance, [?]  
When a make love to you, you forget him fast  
No chance, I would change my mind  
Let me get this ring and make you my wife  
He can beg to have you back

But there ain't no chance
