

Infra-red (Live @ Berlin Huxleys Neue Welt 2011)

Placebo

One last thing before I shuffle off the planet
I will be the one to make you crawl
So I came down to wish you an unhappy birthday
Someone call the ambulance, there's gonna be an accident I'm coming up on infra-red,
There is no running that can hide you
'cause I can see in the dark
I'm coming up on infra-red,
Forget your running, I will find you One more thing before we start the final face off
I will be the one to watch you fall
So I came down to crash and burn your beggar's banquet
Someone call the ambulance there's gonna be an accident I'm coming up on infra-red,
There is no running that can hide you
'cause I can see in the dark
I'm coming up on infra-red,
Forget your running, I will find you (find you!) Someone call the ambulance
There's gonna be an accident! I'm coming up on infra-red
There is no running that can hide you
'cause I can see in the dark
I'm coming up on infra-red
Forget your running, I will find you
'cause I can see in the dark I'm coming up on infra-red
There is no running that can hide you
'cause I can see in the dark
I'm coming up on infra-red
Forget your running, I will find you
I'll find you
I'll find you
