

Makeshift

Hundred Reasons

Hard to mold the sense
Choose to walk your own mile

Hard to mold the sense
And choose to walk your own
It's nice that you noticed
What I wore my clothes for
And you make me happy
As it's what you're best at

Nurture more

Hard to mold the sense
And choose to walk your own

Hard to mold the sense
And choose to walk your own
It's nice that you noticed

What I wore my clothes for
And you make me happy
As it's what you're best at

Nurture more

Hard to mold the sense
Choose to walk your own mile

Hard to mold the sense
And choose to walk your own

Hard to mold the sense
(It's nice that you noticed what I wore my clothes for)

Choose to walk your own mile

Hard to mold the sense
(You make me happy, as it's what you're best at)

Choose to walk your own
